## Academic English Program

The Academic English Program (AEP) is offered at four different levels and designed for students with conditional admission to Western or its Affiliated University Colleges (King's, Brescia, Huron). We cultivate student success by developing communication skills – reading, writing, listening and speaking – in conjunction with the cultural knowledge required to thrive in Western's demanding academic environment.

## English Boost Program

The English Boost Program provides nine weeks of training for students who are just below the English standard for admission to their degree program. It is designed for students with conditional admission to Western or its Affiliates, and gives them the “boost” they need to meet the standard and succeed in their degree. As part of the course, students will attend university lectures to become familiar with the pace and format of university-level courses.
